

TENDERING PROCEDURES

Currently the Board enters into very few procurement contracts directly. Contracts of any substance are normally procured on behalf of the Board by South Ayrshire Council and are subject to their procurement procedures in accordance with the Public Contracts (Scotland) Regulations 2012.

Any contracts that the Board does enter into directly are generally small in terms of the service procured and the monetary value of that service.

For more information on the Board's procurement policies please contact South Ayrshire Council on www.south-ayrshire.gov.uk.
